

The goal of **EnviroVET** is to improve **VET practitioners' professional development**, with a particular focus on developing **environmental awareness** and assessing environmental impact in the **VET sector**.

THE EXPECTED RESULTS ARE:

- An **Environmental Charter**, will set out the minimum requirements that VET institutions need to meet to consider themselves environmentally focused.
- **Environmental Impact Measurement Tool**, an online, open, digital evaluation method that allows users to share, compare and exchange best practices on environmentally friendly approaches.
- **Facilitator e-Course** will target professionals working in the VET sector, by equipping them with relevant skills, knowledge and competencies
